

ENVIRONMENTAL PERFORMANCE POLICY

Introduction

At SKY GROUP, we recognize our responsibility to protect the environment and contribute to a sustainable future. Our commitment extends beyond compliance with regulations; we aim to be proactive in minimizing our impact on the planet. This Environmental Performance Policy outlines our principles and actions toward achieving environmental excellence.

Core Principles

1. **Stewardship:** We are stewards of the environment, safeguarding natural resources for current and future generations.
2. **Continuous Improvement:** We strive for ongoing improvement in our environmental performance.
3. **Transparency:** We communicate openly about our environmental initiatives and progress.

Key Commitments

1. **Resource Efficiency:** Optimize energy, water, and raw material usage.
2. **Waste Reduction:** Minimize waste and promote recycling.
3. **Emissions Control:** Monitor and reduce air emissions.
4. **Product Lifecycle:** Consider eco-design and extended producer responsibility.
5. **Biodiversity and Land Use:** Preserve natural habitats.
6. **Compliance and Reporting:** Adhere to laws and track performance.

Implementation

We implemented by:

- We will appoint an Environmental Officer responsible for oversight.
- Regular training programs will educate employees about environmental practices.
- Our performance metrics will include environmental KPIs

Conclusion

Sky Group is committed to being a responsible corporate citizen. By integrating environmental considerations into our daily operations, we contribute to a healthier planet and a sustainable future.
